

EVS in Spain

8 Months March- October

OMIX Association Ribadavia

ACTIVITIES

The EVS will help to elaborate and edit **communication** documents and leaflets about the activities and events organized by OMIX (Oficina Municipal de Información Xuvenil): modifying prospects, posters and other documents consisting of youth forums, meetings, activities, workshops. He will support coordination with local, national and international partners as well as creating new links with new international European organizations. She will participate in workshops that prepare her to be able to help organize and develop events, projects, activities in Ribadavia. According to our experience we think that it fulfils her aims.

Volunteer will be assisted by Manuel Araujo Montero, responsible of the Youth Information Office.

The EVS will **collaborate in Youth Information Centre** where she will give information to young people from Ribadavia who need help and information, and furthermore: searching grants, courses, training courses, workshops (in Spain and outside the country - within the programme Erasmus+), sponsoring possibilities for the youth and local associations. In this kind of work the support of the European volunteer is indispensable especially according to foreign workshops. We consider it fundamental that the example of volunteer has a big impact in field of youth participation (on the youngsters from Ribadavia).

The EVS will support the office doing some administrative task like answering the telephone, editing papers, translating materials for events or website and social networks.

The EVS will **visit local youth organizations and educational centres** to promote the idea of volunteering and being a volunteer, promoting European Voluntary Service and participation in the field of citizenship, intercultural learning and the Youth in Action Programme.

One part of the EVS work consists of **activities in the Culture House and Youth Centre**, as well as continuing activities during the year and preparation and cooperation in **local events**, celebrations that take place in Ribadavia (Festa da Istoría, Portal, Magostos, Nadal e Ano Novo, Cabalgata dos Reís, Carnaval, Festival Artificial, Festival UKPDAY, San Xoan, Mostra Internacional de Teatro ect.), language workshops, annually.

Establishing new contacts with organizations in her country to create a database of networking increasing undertaking the cooperation between youth projects, creating new links and **European projects** (Youth exchanges and EVS). Updating the website, the Info Juventud Ribadavia Google group, editing information in website and Google group.

The EVS will be included in an activity called **intercultural workshop**, actively participating with her ideas from her own culture. The aim of this workshop is to create in the project Ayuntamiento de Ribadavia space for European diversity and volunteer self initiative. They can offer information about different countries, show different audiovisual materials, describe the experience of being a European volunteer and as well tell young people about her own culture, language, customs, traditions, etc.

Within the project the EVS has the space to create her own activity, according to personal interests or passions. For example, last year one of the volunteers organized film screenings, and this year the volunteers are giving English and Italian workshops in the Culture House as well as they give website design courses.

The EVS has the opportunity to participate in local activities that are organized by local associations, the Culture House or the Red Cross, such as workshops and excursions about nature, rural development, tourist information center, new technologies, working with children and activities for disabled people. The volunteer can decide to participate according to her interests.

The EVS will participate in meetings to evaluate the work, cultural visits during weekends, seminars, youth exchanges and trainings that take place in Ribadavia (within the Erasmus + programme) if we do.
